

Tomlinscote School

20th March 2020

Dear Parents, Carers and Students,

I would like to maintain production of the Weekly Newsletter to help bring everyone in the Tomlinscote community together. The emphasis clearly being on what students and their families are doing at home during this period.

As a result, I would love to receive articles and pictures of things that you are doing to pass the time in addition to the schoolwork that students are completing.

Ideas include:

- Creative artistic masterpieces that you have produced
- Baking delicacies
- Fun photos with pets
- Photos of walks with family
- Clever ways that have been created to keep in touch with friends
- Any new skills that have been learnt
- Whole family DIY projects
- Gardening – attempts to grow own produce
- Completed puzzles/Lego structures
- Acts of Kindness

In essence, anything that will provide ideas to others for spending time together and anything likely to raise a smile.

It will be assumed that permission to use photographs is given, if articles are submitted.

Please email articles to jcarpenter@tomlinscoteschool.com

I will endeavour to get a Newsletter out every Friday, it will, however depend on the number of articles received.

I look forward to receiving your contributions.

Kind regards
Mrs J Carpenter
Executive Office
