

THANK YOU

Tomlinscote staff would like to say 'thank you' to our brilliant students for their perseverance and diligence with Home Learning.

Tomlinscote staff would also like to say 'thank you' to our Parents and Carers for your effort and dedication to ensuring that Home Learning has been successful for your son or daughter.

We really appreciate your help while you were juggling your own jobs, family situations and health issues.

ROWLING HOUSE 2019/20 WINNERS

Rowling Year 7 Heads of House

Rowling Year 9 Heads of House

**Rowling
Year 11 Heads of House**

Rowling Year 10 Heads of House

**Rowling Year 8
Head of House**

House Point Winner - Pankhurst

House Point Winner - Hawking

House Point Winner - Mandela

House Point Winner - Rowling

The winning House for the Year 2019/20 is

Rowling: 28,950

Mandela: 28,216

Pankhurst: 27,265

Attenborough: 26,569

Hawking: 24,577

House Point Heroes

The Head of Pankhurst House Congratulates

Amelia Broadley 8R

**For achieving the highest number of points in
Pankhurst House - 372**

The Head of Rowling House Congratulates

Thomas Masters 7H

**For achieving the highest number of points in
Rowling House - 308**

The Head of Mandela House Congratulates

Ishbir Singh 7L

**For achieving the highest number of points in
Mandela House - 297**

The Head of Attenborough House Congratulates

Dylan Baldock 8P

**For achieving the highest number of points in
Attenborough House - 289**

The Head of Hawking House Congratulates

Henry Wild 7R

**For achieving the highest number of points in
Hawking House - 202**

Acts of Kindness Acts of Kindness

Our Year 7 students have been submitting their nominations for who they think deserves an 'Act of Kindness' Award for this half term.

Congratulations to everyone who has proved that their kindness has been maintained to their friends despite being away from school.

Brontë in 7M - as she is always nice and kind to everyone, and she stood up for me.

Bernice in 7K - for being kind and welcoming and never failing to have a smile on her face.

Sophia in 7L - for being a kind friend and looking out for others.

Scarlett in 7X - for always being so positive during morning form check ins.

Isa in 7Q - for always helping me with online work.

Act With Kindness...❤️

be kind

Tyler in 7L - for being a supportive friend and helping out with on-line queries.

Ruby in 7G - because she has been very supportive during these tough times.

Luca in 7G - as he gave me help with the maths we had the other day.

Acts of Kindness Acts of Kindness

Acts of Kindness Acts of Kindness

Hannah in 7P -
for being a great
friend, she always
helps me and is
nice to everyone.

Ryder in 7H -
because he helped
me with my Maths
that I was
struggling with.

CHOOSE
kindness

Piper in 7H-
for helping
me with my
work.

Leanna in 7R - as
she has often sent
me texts asking
how I am, which
makes me happy.

Maya in 7Y - for
being supportive
during the
lockdown and
helping friends in
our tutor group.

Fletcher in 7M -
for helping me
with work when I
didn't understand.

Acts of Kindness Acts of Kindness

Berry good growing!

We have heard of the saying about having 'green fingers'.

As you can see in this case, however, Raeleah Raath has proved that she has blue fingers as she has successfully grown blueberries, which is quite an achievement.

We hope you have enough to top a glorious stack of pancakes!

**IMPORTANT
NOTICE**

IMMUNISATION NEWS

Year 8 (present Year 7) Girls and Boys HPV Immunisation

e-consent must be completed before 15.09.2020

A letter was sent out last week from the School Immunisation Team detailing the online consent form.

This must be completed for your son/daughter to enable them to receive the vaccine.

Under no circumstances will a vaccine be available without this consent.

If you have any queries please contact the Immunisation Team directly on:

Tel 01483 728201 ext 377

A "Thank you"

Park Road Group Practice

We have received a wonderful "thank you" from the staff at Park Road Practice in Camberley. They have received a huge variety of items that our fantastic workforce have been working hard to produce. These items have enabled them to carry on working safely, so protecting them and their patients.

It is so nice to see how much our donations have meant to our neighbours. I think we can all agree that this is just what the doctor ordered!

The last straw for Year 7

Year 7 have been making Cheese straws ready for the fine weather picnics that they are hoping to go on over the summer holidays.

Fraser Todd

Lucy Weatherley

Emily Mills

Richard Miranda

Yash Pande

An early example of 'hospitality'

Ellie Hobbs decided to make some comfort food for her family last week, namely pasties.

They are a great snack and provided Cornish tin miners in the 17th and 18th centuries with the perfect 'all-in-one' snack to take down the mines for lunch. With its characteristic semi-circular shape and a thick crust which doubled as a 'handle', it was perfect to provide sustenance. It was said that a good pasty could survive being dropped down a mine shaft!

We are hoping that Ellie's didn't have to endure such a test before making it to their plates!

T5 Awards

This year, Tomlinscote introduced the T5 Award to our Year 7 students. T5 represents the 5 school Values of Excellence, Community, Perseverance, Character and Progression. The Year 7 students have had the opportunity to work towards each of these Values, submitting evidence, undertaking projects and learning new skills to show that they have met each Value. They have had a T5 Passport to use to document their journey.

We have awarded certificates for each of the Values met and have sent out over 900 certificates to the Year 7 students last week.

Students were set the challenge of achieving the full T5 Award, meaning that they had met each of the school Values and provided all their evidence in their T5 Passport. We had an incredible number of students who managed to achieve the T5 Award and we are

exceptionally proud of them for their continued outstanding commitment. To have achieved this award during a period of such uncertainty is truly amazing. Well done to our T5 Award winners 2020.

As part of achieving the Value of Progression, we set Year 7 an Extended Project. They had the opportunity to set themselves an investigation and explore a topic they were really passionate about. Their final projects really showed how excited they were about their particular interests and we were blown away by the quality and creativity of them. From creating big paintings, to in-depth scientific studies, to huge timelines and even an installation where you had to place a box on your head to experience the project. What a range of skills and interests our students have here at Tomlinscote. Here are just a few examples of their projects so you can get a flavour of their passion.

Examples of **Extended** Projects

Isobel has really enjoyed creating her Extended Project because she has learnt so much about the subject of Photography. She particularly enjoyed making a cardboard camera model, she made the back open on her model, so that her research could be put inside. Having a love of Art and Photography has meant that her Extended Project has been a true reflection of herself.

In addition, Isobel has learnt a lot about the history of photography, some of the work of famous photographers and learnt about the first cameras used. This project has created a real desire to become a successful, professional photographer.

Isobel Stokes - 7H

With this new found interest, Isobel is keen to go out and photograph different things and places. Isobel has loved putting together her project and actually printed off the word documents, made them into little booklets and placed them inside her model camera.

Dylan Sutton

"How does Science help us to solve crimes?"- think

CSI:

Dylan Sutton clearly has a passion for forensics. He decided to make his very thorough project about Forensic Science. He devised a mock scenario at a crime scene address. A property had been entered via a partly open back window, the suspects seemingly entering via the garden.

Thoughtfully, they left behind very good footprints from which they were able to get an imprint.

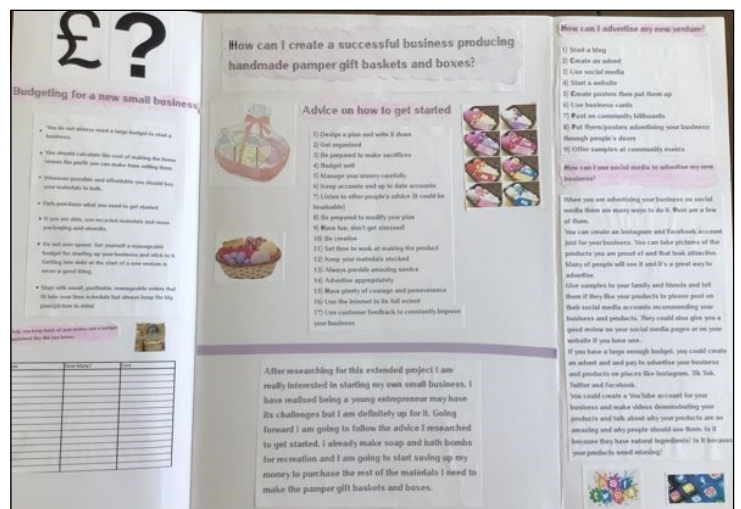

In addition, fingerprints were found on the window, and having sprinkled aluminium powder on them, prints were successfully lifted.

Elicia-Mae Harber

Starting her own small business has been the inspiration for Elicia-Mae's Extended Project. Using a project display board and other visual aids has helped her demonstrate her passion for her business idea.

Creating this project has shown Elicia-Mae how determined, focussed and motivated she is to starting up her own business. She has researched the market a great deal and discovered a lot.

Her 'Pamper Gift Boxes' would be extremely well received presents at this time, when people are in need of a little luxury.

LRC Summer Challenge

We hope that you have all been keeping up with your reading over the past few months. Miss Scott and Miss Brinton are looking forward to seeing you all again in September and talking about all the new books we will have in the LRC and helping you discover new favourite stories. Our books are sat on the shelves feeling rather lonely right now.

We are sad that we are unable to run our usual summer reading challenge this year, so we have come up with two alternate summer challenges for you!

Reading Challenge

Read 6 books over the summer and write a review for each on the template provided at the end of this document. You can submit all reviews by emailing them to LRC@tomlinscoteschool.com, or by submitting printed copies to the LRC in the new term. The deadline for this is September 11th 2020. A selection of our favourite reviews will be chosen and displayed in the LRC. Prizes include amazon vouchers, books and other goodies!

If you've finished reading all your books at home, you can read loads of classic titles for free on the Apple Books app on your ipad! You can find books like Anne of Green Gables, The Adventures of Sherlock Holmes, Peter Pan, Treasure Island, Emma, Pride and Prejudice, The Jungle Book, and many many more. All free!!

Writing Challenge

We know that some of the best stories are the ones you create yourself, so we have a story writing challenge for all our budding storytellers at Tomlinscote.

We would like you to write a short story using one of the prompts listed below. You can write up to two A4 pages (all entries must be typed please!).

All stories can be submitted by emailing them to LRC@tomlinscoteschool.com, or by submitting printed copies to the LRC in the new term. The deadline for this is September 11th 2020. Prizes include amazon vouchers, books and other goodies!

Writing Prompts

I was hired by a secret spy agency, this was my first mission:

I was kidnapped by pirates, this was our first adventure:

I was teleported into a video game, this is how I escaped:

I woke up in a haunted castle, this was the mystery I uncovered:

I became a zookeeper for magical animals and they've all escaped! This is what happened:

If you would like to also draw illustrations then please do! We'd love to see them. Any illustrations can be added on extra pages and submitted with your short story.

You can do both challenges, or just one of them. It's up to you!

If you have any questions about the reading and writing challenges, please email LRC@tomlinscoteschool.com

Book Review

Name: _____ Form: _____

Title of book: _____

Author: _____

What was the book about?

(Don't give away the ending!)

Who was your favourite character and why?

What was your favourite part and why?

List three things that you liked about the book:

List three things that you didn't like about the book:
(If any!)

Would you recommend this book to others?

Yes ☐

No ☐

Give this book a star rating:

Unmasking her talent

Louise Veaser-Woods from 8L has kept up with her artwork during lockdown.

Here, she has produced a fantastic picture of Darth Maul from Star Wars.

This probably isn't a mask that you would want to see out and about in Camberley!

It might, however, improve your chances of social distancing!

A load of hot air?

Jasper from 7R took part in a wonderful experiment last Friday. As part of 'Mark Thompson's ONLINE Spectacular Science Show', he used skewers to pierce balloons without them popping!

Jasper loved the webinar and learnt a little more about different chemical reactions and many party tricks.

Mark Thompson has many more online shows planned. You can also find him on YouTube for some summer science fun.

A prickly visitor!

Madeleine Yorke recently found a hedgehog rambling around outside the woods by her house. She decided to give it a bit of tender loving care and provided it with some water and slugs!

Having watched the beautiful creature for a while, she released it back into the wild. The hedgehog looks to have been in a very healthy condition.

Notice for Parents Traffic Proposals for Frimley Green

Following the approval of 1200 houses being built at Deepcut, it was agreed that the developer would provide 'traffic mitigation measures' to help with the flow of traffic. The current proposal is for a 4-way set of traffic lights at the Green.

Paul Deach, a Surrey Heath councillor for Mytchett and Deepcut, shares the view of many local residents that this would be a dreadful development. He feels that it would have a huge impact on any children journeying through Frimley Green to get to school.

Mr Deach has come up with an alternative plan that he will be proposing at a public meeting for local residents, to enable them to compare the 2 options.

The Highways authority and the developer have agreed that if it can be demonstrated that residents prefer the alternative proposal, then it can be changed.

As a result, it is important that as many local residents attend the meeting as possible. Mr Deach feels that it is vitally important that school parents have a good representation at the meeting.

Parents can register to attend using the link detailed below.

https://us02web.zoom.us/webinar/register/1015946480049/WN_5hRDN9oSQuvnVptxaBpRQ

Year 8 German students have recently submitted entries for the PASCH website. Tominscote is a PASCH school which means that we are part of a global network of schools where German is taught.

Students were asked to write a short piece about where they will spend their 'staycation' saying where, why and what they would like to do when things return to normal.

See below for the wonderful pictures and compositions from our Year 8 German students.

From Adam Rashid:

Ich würde zu Hause bleiben und mit meiner Familie grillen. Wir würden jeden Tag zusammen draußen verbringen und Fußball spielen und faulenzten. Ich würde Zeit mit meinen Bruder verbringen und Fußball spielen. Aber danach würden wir grillen. Nachdem wir gegessen hätten, würden wir Eis essen und den Rest des Tages genießen.

From Adam Rashid:

I would stay at home and have a BBQ with my family. We would spend everyday outside. We'd play football and laze around. I would spend time with my brother and play football. Then we would have a BBQ. After we'd eaten, we would have an ice cream and enjoy the rest of the day.

From Zoe Stark:

Ich möchte meine Ferien in meinem Garten verbringen. Ich bin gern in meinem Garten, weil es entspannend ist. Ich springe manchmal Trampolin und meine Familie grillt hier im Sommer. Die Blumen sind sehr schön und meine Schwester und ich machen ab und zu Fotos. In den Ferien werde ich gern hier den ganzen Tag Sport treiben. Nach der Pandemie würde ich gern nach Ibiza fahren, weil ich dahin im Sommer fahren sollte.

From Zoe Stark:

I would like to spend my holidays in my garden. I like being in my garden because it is relaxing. Sometimes I go on the trampoline and my family has BBQs here in the summer. The flowers are very beautiful and sometimes my sister and I take photos. In the summer I will enjoy doing sport here all day. When the pandemic has passed, I would like to travel to Ibiza because I was supposed to go there this summer.

From Oliver Holman:

Für meinen Aufenthalt würde ich in den Park gehen. Ich würde mit meinen Freunden Fußball spielen. Ich mag den Park, wenn es sonnig ist, weil es schön ist. Für meinen Urlaub, wenn Reisen wieder möglich ist, würde ich nach Spanien fahren, weil ich die Sonne mag.

From Oliver Holman:

For my break I would go to the park. I would play football with my friends. I like the park when it is sunny because it is beautiful. When it is possible to travel again, I would travel to Spain because I like the sun.

From Ashutosh Bhandari:

Ich möchte meine Ferien in meinem Garten verbringen.

Ich habe diesen Ort ausgewählt, weil es hier sehr schön ist. Dieser Ort ist mein absoluter Lieblingsort in der ganzen Welt, weil man den ganzen Tag Fußball spielen darf. Ich möchte den ganzen Tag allmögliche Sport treiben.

Nach der Pandemie würde ich trotzdem hier bleiben.

From Ashutosh Bhandari:

I would like to spend my holidays in my garden. I have chosen this place because it is very beautiful here. This place is my absolute favourite place in the whole world, because you can play football here all day long. I'd like to spend the whole day playing all kinds of sport. After the pandemic I would still stay here.

From Alexander Conway:

Ich möchte meine Ferien bei Oma mit meiner Familie verbringen. Ich habe diesen Ort ausgewählt, weil es hier so ruhig und in der Nähe des Strandes ist. Ich kann den ganzen Tag in diesen Ort schwimmen gehen. Ich möchte gern Videospiele spielen und ich möchte schwimmen gehen. Wenn alles wieder normal ist, würde ich meine Ferien gern in Spanien verbringen. Ich würde auch gerne nach Deutschland fahren aber wir müssen auf nächstes Jahr warten.

From Alexander Conway:

I'd like to spend the holidays with my family at Grandma's house. I have chosen this place because it is so peaceful and near the beach. I can go swimming here every day. I would like to play videogames and go swimming. When everything is back to normal, I'd like to spend my holidays in Spain. I would also like to travel to Germany but I have to wait for next year!

COVID- 19

A short guide to uniform purchasing from Brenda's during summer 2020

Due to the impact of COVID-19, subsequent social distancing, and the huge volume of customers we have in store during the holidays we've made the decision to operate online only for this summer.

This means orders can be either delivered to you or you can order for Click & Collect from store.

Brenda's will be processing online orders from 1st June 2020 onwards

You will be able to collect your orders from outside the front of our store, all that we will require is your order number, but please ensure you have proof of ID with you just in case.

We've introduced some new service aspects for this summer which include:

- Opening from 8am to 8pm, Monday to Saturday, for order collection
- Making all online orders over £75.00 free shipping
- Adding money saving promotions and discounts throughout our website
- Where available we'll be adding links to specific garment size specifications on relevant uniform pages, aimed to help gauge your requirements more accurately

Returns

It's very important to be clear that dealing with returns differs greatly from a usual in store exchange.

- If you need to change sizes of items that you've purchased you will need to order the sizes you require and await a collection ready notification from Brenda's.
- We suggest ordering what you need to replace and when ready for collection drop off your returned items for refund at the same time.
- If you have items to be refunded you can return them at the front of the store or post them back to us.

YOU WILL NOT BE ABLE TO BRING ITEMS BACK TO THE STORE TO SWAP WHILE YOU WAIT

If you have any questions please email shop@brendas.co.uk

Thank you

www.brendas.co.uk

United Kingdom
Mathematics Trust

On 29th June 2020, 68 Year 8 students and 6 Year 7 students took part in the UKMT Maths Junior Challenge; a stimulating Maths competition that encourages mathematical reasoning and problem-solving skills.

Congratulations to all of the students for their great efforts.
The following students achieved certificates.

Well done!

Trent Wilkinson (Yr 8)	1868

Some good Maths statistics!

Maya Dayanandan in Year 9 managed
the most correct answers - 1818

In total the school answered - 529178
questions on Hegarty.

A Head turner for the holidays!

TOMLINSCOTE SUMMER READING CHALLENGE

How many challenges can you complete over the summer?
Can you complete a column, a row or the WHOLE table?

A book that has been banned or challenged somewhere in the world	A book published in the year you were born	A book set in a different country	A book written by a celebrity	A book that's been turned into a film
A graphic novel	An autobiography	An award winner	A book with pictures	A Young Adult best seller
A book you want to re-read	A book with numbers in the title	A book you can finish in a day	A friend's recommendation	A book with an ugly cover
A book published in 2020	A non-fiction book	A book by a local author	A book that has more than 300 pages	A book based on a fairy-tale or myth

Here we get the opportunity to find out a little bit more about our teachers at Tomlinscote.

Mrs Tonkin has stepped into the spotlight this week.

What career path would you have chosen if you hadn't become a teacher?

I would have loved to have been an actress.

Who would you most like to meet, dead or alive?

Definitely Nelson Mandela.

What is the best and worst thing about being in lockdown?

The best thing is getting to spend more time with my dogs.
The worst is not being able to see students.

Do you have any phobias?

I absolutely hate rats.

What's your all-time favourite film?

'When Harry Met Sally'

What is the best present you have ever received?

A signed Peter Gabriel poster.

What were your first impressions of Tomlinscote School?

I just remember it being very warm, welcoming and friendly.

What's your favourite holiday destination?

New York, as it is the place that makes me feel most at home.

What is your favourite comfort food?

Dark chocolate.

What's the best piece of advice you have ever received?

"Whatever you do, do it with kindness"

Thank you Mrs Tonkin.

Tomlinscote Creates at Home

Over the past few months students and staff have worked to enter their creative pieces that show their experience, journeys and productivity at this unusual time.

We want to say Thank You to everyone who entered the competition.

Here is the final video....

<https://youtu.be/BidPpdtTQJI>

A final message has been sent in from Ellen Wren 9M

"Lockdown has been challenging for all of us, however, I wanted to share the positives I've found during this time, as I try to find the silver lining in as many things as I can. So, here's my list: I now know who I can rely on, who appreciates me for who I am, how to appreciate the little things in life and most importantly of all, how to treasure time with family.

One thing's for sure, I doubt anyone will complain about Home Learning ever again!

I invite you all to take a moment to reflect because we've all learnt something during this time. We've all been part of history. We're all going to be telling the tales of 'lockdown' to our children and our grandchildren, or the younger generation some day.

What we've been through, will form part of History lessons of the future..."

The Newsletter team have really enjoyed putting together the 'Lockdown' versions of the Newsletters over the last 14 weeks! We have been stunned, amused and impressed by what you have all achieved under really difficult circumstances.

Now is the time to enjoy your free time and enjoy what we hope will be a glorious summer. The Newsletter will revert back to its usual format in September, reporting on the usual weekly school activities. We would still, however, love to receive news of your successes and interests outside of school.

Take care, stay safe and enjoy the holidays.

Mrs Carpenter.

We can now reveal the extent that we had to go to keep Kipper and Boris on board.

We have got through a number of packs of Dreamies!
