The PASS survey covers how students feel about themselves, their engagement with the curriculum and their feelings about school. The analysis of the results will enable meaningful

interventions to be put in place which are bespoke to Tomlinscote and our learners. Survey was delivered to all students in Year 7-10.

- Selected staff trained (externally) as mentors to work with KS3 students. SLT & HoY will identify students who would benefit from mentoring, with interventions beginning September 2021. Motivation is to improve engagement with school and therefore improve outcomes.
