

# Tomlinscote School

14<sup>th</sup> October 2021

Dear Year 7 Parents and Carers

I hope that you found the recent “Meet the Tutors” evening useful and that it put a face to a teacher name. The Year 7 cohort have been superb so far with many smiley faces and polite students as I walk around the school each day. I believe that they have settled into Tomlinscote really well and many students have got involved in the numerous activities with enthusiasm.

At the “Meet the Tutor” evening a number of parents completed a survey about the school. I appreciate that for many of the questions it was a bit too early to make a valid comment. However, one question stated – “The school makes me aware of what my child will learn during the year”. To make sure that you are aware of this information, I have attached a Year 7 Curriculum Content Overview so you can quickly see what is being studied in each subject. This can also be accessed on our website by clicking on this link:

[Year 7 Curriculum overview](#)

More specific information about each subject can be obtained by clicking on the Curriculum tab on the website, then the Subject tab and then you can select the specific subject that interests you.

[Subjects](#)

For each subject there is a written Curriculum Intent statement and you can then click on a subject overview across Key Stage 3. I have attached the KS3 Overview for English, Maths and Geography, as examples, to show you what these curriculum documents look like.

I hope that this provides everyone with the background information you may require. It highlights what your child is learning now and will learn about in the future.

Yours sincerely

Mr Major  
Principal
