

REQUEST TO EMAIL RESULTS

Under exceptional circumstances we are prepared to email candidate's results to them. This will be done on the Thursday when all results are released to candidates and you should receive them by midday at the latest.

It should be noted that the main reason that we do not normally send results by email is because we believe that students should have some emotional support around them when they open their results, either to celebrate or commiserate, signing the form indicates that there will be support available. A copy of the results will also be emailed to our registered InTouch contact.

Another element that will be missing if you do not attend school to collect your results is the ability to discuss with members of staff what your options are now that you have your results.

Because of the above, in the rare instances where we email results out, we require not only the student signature but also that of their parent/carer to indicate that they are aware of our concerns.

Please ensure that all parts of this form are completed legibly.

If you have any questions, please do not hesitate to contact the Exams Department at Tomlinscote School using the following email address
