

Tomlinscote School

September 2023

Dear Parents / Carers,

We are delighted to inform you that Tomlinscote School is a Partner School of InvestIN, a company offering 'immersive careers experiences' for secondary school students, 12-18 years old. Please see the attached parental letter from the company outlining more detail about the programmes and how they work.

The programmes are described as giving students a '360 degree experience of their dream career' and are aimed at providing a unique opportunity for 12-18 year olds to explore the world of work. There are several different career sectors in total on offer, across a range of interests and skills. There are five 12-14 year old programmes available (Years 8 & 9) and fifteen 15-18 year old programmes available (Years 10 & 11). All programmes can be accessed in London, in person, or as a 'live' online version. They always take place on a Sunday- please see the website for full details.

We have sent many students on these programmes in the last few years and their feedback is always exceptional. A key thing to highlight is that there is a charge for the programmes but, as a partner school of InvestIN, the cost will be discounted by 10% by using the code **TOMLIN10** when booking. Booking is via the website here: www.investin.org

Additionally, please note that, as a Partner School, Tomlinscote also have access to a limited number of bursary places available for students who receive Pupil Premium/Free School Meals funding. I am allocated 10 bursary places for the academic year (5 per term for Autumn and Spring) which enables students to have free access to a programme of their choice, either in-person or online. If your child is eligible and would like to attend an InvestIN programme, please contact me on hlivesey@tomlinscoteschool.com for further details. Bursary places will be allocated on a first come first served basis.

Kind regards,

Ms H Livesey
Assistant Principal (Transition and Progression)
