The national context of Careers Education in schools

Helene Livesey – Assistant Principal
(Transition and Progression, Careers Lead)

What is our 'mission', as a school?

- To create success and opportunities – exam results
- Our job is MUCH more than this...
 - Well rounded individuals
 - Employable individuals
 - Resilient individuals, able to cope with challenge
 - Ambitious individuals
 - Individuals on the 'right' pathways at key transition points

Backdrop to all of this... The Gatsby benchmarks

- In 2014, the Gatsby Charitable Foundation undertook an independent, international review of CEIAG.
- From this, the 'Good Career Guidance Report' was written which outlined a framework of 8 benchmarks that schools were to use to develop their CEIAG.
- We regularly audit our provision on each benchmark – all are at 100%

Ofsted November 2023

“Pupils eagerly explain how the school’s extensive and well considered curriculum helps them pursue their dreams as an engineer, doctor, athlete, artist or something else.”

“Pupils are encouraged to consider their futures carefully and to be aspirational through the excellent careers education.”

The 'Quality in Careers' Standard

- This is a nationally recognised award in schools that demonstrates the school's provision is of a 'gold standard'
- Target date: July 2024
