Thursday 5th November
Sixth Form Open Evening

County provides a **welcoming, close-knit community** which is supported by a team of caring teachers and staff. Students are treated as individuals rather than one body and are recognised for their **personal achievements and qualities**. We have all made friends for life at County, which can be put down to the calibre of the students and the diversity of experiences within the sixth form. There's a wealth of opportunities presented to sixth form students to get involved in events within the lower school.

County Sixth Form provides a community like no other.
